

PRIVATE TUITION

Our philosophy is to teach from the ground up, starting with the fundamentals of each subject. Lessons are not purely academic; we build and provide bespoke coaching programmes for students who may be experiencing difficulties in certain areas of learning, encouraging strengths, providing positive reinforcement and inspiration. We can provide tuition for students of all ages, from primary school to post-graduate level, face-to-face or online, one-to-one or in small groups.

OUR SUBJECTS*

Classics (Classical Civilisation, Latin, Greek)

Our senior tutor, Antonio, has been teaching Classics for over 20 years and studying it for even longer! We take a fully rounded and multi-disciplinary approach to each subject, incorporating their influences throughout the ages and into modern-day culture.

History, Ancient History & Archaeology

Our particular strength lies in knowledge and understanding of the original sources and literature of history, usually written in ancient Greek or Latin, from ancient times through medieval and renaissance.

English Language & Literature

We focus particularly on classical origins of both the language and literature, with an emphasis on etymology, diction and fine-tuning a good knowledge of grammar and usage.

Philosophy, Religious Studies & Ethics

We offer support with a focus on origins of theories, based on the study of original sources and languages.

Italian

We combine full immersion with the development of a good understanding of grammatical structure, based on connections with English, Latin, Classical Greek and the other romance languages.
